Special Presentation!

Why have You Taken So Long? is a touching story of abandon, deception, anguish and hope that culminates in discovery, acceptance and reunion!

In this presentation, Oscar Sande takes your understanding of the Prodigal Son to a whole new level as he retells the deeply personal story of Veronica and Theresa, two young girls—sisters of a kind—who spend their childhood in a less-than-ideal family environment in Chile. Their journey eventually takes them from their mother-land to pursue their lives in Australia.

But in a series of unplanned and unforeseeable circumstances, the desire is kindled to return to their country of birth where, for Veronica, the spirit of forgiveness softens the hard past, and for Theresa, an amazing world of discovery opens up which crescendos into a never-to-be-dreamed-of reunion.

A true story that reminds each one of us that we also have a Father who is waiting lovingly, patiently, with one question — *why have you taken so long?*

Professionally presented DVD, ideal for your library and sharing! \$15.00+^{p&g}

Now on DVD!

You can now watch and share some messages from the camps on DVD!

All messages above marked with • are available on DVD.

Due to frequent requests for video recordings we filmed these messages with the gear we have available. At present we have just one good camera and would like to purchase a second camera plus mixing gear to achieve an even more professional result in less time, making presentations that will be easier to watch and share. We are thankful to those who have already donated some funds toward these items! Buying DVDs from this listing also helps in a small way to add to these funds.
